(1). Draft notification regarding special constituencies for depressed classes and women.

The Government have to issue a notification under section 48 (2) specifying in which of the divisions seats for Depressed Classes and Women are to be reserved. The draft provides for this.

It is proposed to allocate the seats reserved for Depressed Classes and Women between City and the Civil Station as follows -

	Depressed Classes.		Women.	
City.	(Division No.4 (Ramachandrapuram)	1 seat	Division No.1 Malleswaram West)	1 seat.
	(Division No.8 (Kempapur Agrahar.)	1 "	Division No.23 Basavangudi East)	1 "
			Division No.29 Cubbonpet	1 "
			Division No.13 Sri Kasi Viswesvaraswamy Temple.	1 "
Civil Station	(Division No.36 (Murphy Town.	1 "	Division No.33 Fraser Town.	1 "
	(Division No.41 (Bamboo Bazaar.	1 "	Division No.44 Tasker Town.	1 "
	(Division No.50 (Austin Town.	1 "		
	(Division No.48 (Shoolay.	1 "		
	Total.	6	Total	6

In the case of the Depressed Classes the allocation in the notification has been proposed on the basis of the population figures of the community given in the census report of 1941 which are as follows .-

City	21,583
Civil Station.	32,510.

It is presumed that section 48 (2) contemplates reserva on the basis of one seat for one division only and not combina of two or more divisions for election of one candidate

(2). Draft notification regarding Labour Constituency.

As regards labour only members of recognised associations in the City of Bangalore will be included. Under this category come members of the labour associations of Binny Mills, Tobacco Factory, Command Workshop etc.; but members of the labour association of the Hindustan Aircraft Ltd., will be excluded as it is not situated in the city of Bangalore.

Under sub-section (2) of section 51 of the Act, each of the two Labour electorates constituted under sub-section (1) shall elect two councillors thus making in all four seats contemplated under section 5 (1) (b) of the Act. The original proposal was to have three councillors for City area and one for Civil Station to represent Labour Such an apportionment would not be possible as each labour constituency will have to elect two members. Further the number of recognised labour associations in City considerably outnumber those in the Civil Station. The only recognised associations in the Civil Station are the following with the membership shown against each --

1.	Automobile Employees Association.	203.
2.	The Tobacco Manufacturers Labour Association.	500.
3.	The I.E.M.E. Workshop Employees Association.	1,222.

The only feasible course will therefore be to divide the electorates in such a way that the first constituency will consist of some of the recognised associations in City and the second constituency of the 3 recognised associations in the Civil Station and the remaining items in the City, each constituency electing 2 councillors. The draft provides for this.

(3). Draft notification relating to Trade and Commerce.

The total number of seats is four. The Government will have to issue a notification under section 5 (1) (c) of the Act. There is at present representation in the City and Civil Station Municipalities for Trade and Commerce as follo---

City.

Mysore Chamber of Commerce.

Civil Station.

Trades Association.

Commercial Association.

It is proposed to allot two seats for City and two for ivil Station. So far as Civil Station is concerned the uestion presents no difficulty as the two Associations will ave two seats. In City the additional seat is proposed to be iven to the Mysore Chamber of Commerce itself thus giving in ll 2 seats to that body.

Subject - Formation of the Bangalore
Municipal Corporation.

With reference to our letter No.A.1-1354/48 dated the 29th November 1949, we request you kindly to substitute the enclosed draft notification regarding seats reserved for members of the depressed classes and women, for the one already sent. This is due to the fact that it has since been found from the voters list now prepared that the population figures of the depressed class community are almost equal in the Civil Station and City while according to the census of 1941 the position was different. It is therefore proposed to allocate seats for depressed classes for the City and Civil Station on a 50 : 50 basis i.e , 3 for each area.

Yours faithfully,
